

WEBSITE HANDOVER AGREEMENT

Workers' Rights Watch - Next.js Website

Subject: Confirmation of Website Handover, Login Credentials Transfer, and Support Arrangement

This Handover Agreement is made between:

1. Enock Kibe Ngunyi ("Website Developer")
2. **Workers' Rights Watch** ("Receiving Organization")

Together referred to as "the Parties."

BACKGROUND

This agreement covers the handover of the redesigned Workers' Rights Watch website, built using Next.js framework and hosted on Vercel (replacing the previous WordPress/cPanel setup).

The redesigned website provides improved performance, security, and maintainability compared to the previous WordPress system.

1. CREDENTIALS TRANSFER

The Developer will provide the following credentials to the designated contact persons (Mrs. Eunice Waweru and Cynthia Akomo):

Credentials to be Provided:

- ✓ **Vercel Account Access**
 - Platform: Hosting and deployment platform
 - Purpose: Monitor website performance, uptime, and traffic
 - Access Level: View and monitor (Developer retains deployment control)

✓ GitHub Repository Access

- Platform: Version control and code backup
- Purpose: Complete backup of website code and version history
- Access Level: Read access for transparency and backup purposes

✓ Google Analytics Access (if applicable)

- Platform: Website traffic and visitor analytics
- Purpose: Monitor website performance and visitor behavior

Credentials NOT Included (Already with Client):

✗ Domain Registrar Account - Already in possession of Workers' Rights Watch ✗ Previous cPanel/WordPress Credentials - Already in possession of Workers' Rights Watch ✗ Email Hosting Credentials - Already in possession of Workers' Rights Watch

2. SOCIAL MEDIA PLATFORMS

Current Status: Social media login credentials were previously transferred to Workers' Rights Watch on February 18, 2025. The Programs Officer (Cynthia Akomo) currently has full administrative rights to all accounts.

What Will Be Provided: The Developer will provide Two-Factor Authentication (2FA) backup codes for the following platforms:

- Facebook Page (2FA codes)
- Instagram Account (2FA codes)
- YouTube Channel (2FA codes)
- X (formerly Twitter) Account (2FA codes)
- LinkedIn (2FA codes)

Note: The Developer has been maintaining 2FA codes for security protection purposes only. No security issues have occurred since the original credential transfer. The Programs Officer retains full control and editing rights to all accounts.

3. TECHNICAL SUPPORT & GUIDANCE

Important Technical Requirement:

Unlike WordPress, **Next.js requires coding knowledge** for all content updates. Content updates cannot be made through a visual dashboard by non-technical staff.

Training & Guidance Provided:

The Developer will provide training and documentation on:

✓ **Monitoring website performance** via Vercel dashboard ✓ **Reviewing contact form submissions** and job applications received through the website ✓ **Requesting content updates** from the Developer (process outlined below) ✓ **Understanding website analytics** and traffic reports ✓ **Accessing and reviewing website backups** via GitHub

Content Update Process:

CRITICAL: All content updates (text changes, new pages, PDF uploads, image additions, event updates) must be handled by the Developer or someone with coding knowledge. The Programs Officer can request updates, and the Developer will implement them.

How to Request Updates:

1. Send update request via email (kibeenock7390@gmail.com) or WhatsApp (0735663656)
2. Include: specific changes needed, new content/images/PDFs, and any deadlines
3. Developer implements changes within 48 hours (or as per maintenance agreement)
4. Client reviews and approves changes

Why the Developer Must Remain Involved:

- Technical requirement of Next.js platform (not optional)
- Ensures professional quality updates
- Prevents security vulnerabilities
- Maintains consistent design and functionality
- Proper testing before changes go live

The Developer must remain in the loop for all technical aspects of the website.

4. ONGOING MAINTENANCE AGREEMENT

As per the signed **Website Development & Maintenance Agreement**:

Monthly Maintenance Fee: KES 5,000 per month

Services Included:

- Content updates (up to 2 hours per month)
- Security updates and monitoring
- Bug fixes and technical support (48-hour response time)
- Performance optimization
- Website backups
- Uptime monitoring (99.9%)

Content Update Requests:

- Submit via email or WhatsApp
- Up to 2 hours of updates included per month
- Additional hours: KES 2,500-4,000 per hour (for major additions)

Emergency Support:

- Emergency visits: KES 5,000 per visit
- Covers urgent fixes or critical issues outside regular maintenance

5. HOSTING & DOMAIN

Hosting Platform: Vercel (optimized for Next.js applications)

Domain Name: www.workersrightswatch.org (remains unchanged)

DNS Configuration: Developer will update DNS settings to point to Vercel servers (seamless transition for visitors)

Old Website: Previous WordPress/cPanel site will be preserved as backup during transition

Hosting Management: Developer manages hosting infrastructure (included in monthly maintenance fee)

6. CONFIDENTIALITY

Both Parties agree that:

- All login credentials, data, and operational information shared as part of this handover are confidential
- All credentials and information remain the property of Workers' Rights Watch
- Such information shall not be shared with unauthorized persons outside of Workers' Rights Watch staff
- Developer will maintain confidentiality of all organizational information

7. ACCEPTANCE & COMPLETION

By signing below, the Developer confirms:

- Provision of all Vercel and GitHub credentials as outlined
- Commitment to ongoing technical support as per maintenance agreement
- Completion of training and documentation delivery

By signing below, Workers' Rights Watch confirms:

- Receipt and understanding of credentials provided
- Understanding of the Next.js content update process
- Agreement to ongoing maintenance arrangement
- Satisfaction with the redesigned website

SIGNATURES

For Website Developer:

I, **Enock Kibe Ngunyi**, confirm receipt of this document and agree to provide Vercel and GitHub credentials and technical support as outlined above.

Name: Enock Kibe Ngunyi

Signature: _____

Email: kibeenock7390@gmail.com

Phone: 0735663656

Date: _____

For Workers' Rights Watch:

Name: Mrs. Eunice Waweru

Position: Executive Director

Signature: _____

Email: info@workersrightswatch.org

Date: _____

Organization Stamp: (If available)

APPENDIX: CREDENTIALS DELIVERY CHECKLIST

Upon signing this agreement, the following will be provided:

- ☐ Vercel account login credentials (email + password)
- ☐ GitHub repository access invitation
- ☐ Google Analytics access (if applicable)
- ☐ Vercel dashboard walkthrough document
- ☐ Content update request process guide
- ☐ Website backup and recovery documentation
- ☐ Training session scheduling (2 hours included)

Document Version: 1.0

Date Created: December 2025

Purpose: Handover of Next.js Website (Vercel Hosting)

END OF HANDOVER AGREEMENT
