Dear Madam Eunice,

I hope this email finds you well.

I'm excited to share that the **Workers Rights Watch website is now 95% complete and ready to go live!** All 10 pages, features, and functionality we discussed are working beautifully.

I've prepared a **Website Development & Maintenance Agreement** (attached) that outlines:

1. The work completed (all pages and features)
2. Payment terms: KES 85,000 (50% on signing, 50% on delivery)
3. Ongoing maintenance and SEO services: KES 5,000/month
4. What's needed to complete the final 5% (payment gateway credentials)

Please review the agreement at your convenience. I'm happy to discuss any questions you may have or schedule a call to walk through it together. The contract terms may be further refined to reflect your understanding and agreement.

The website is ready to make an impact for Workers Rights Watch, and I look forward to seeing it live.
